CURRENT LIST of MEDICAL LITERATURE

Vol. 7 Oct. 13, 1944 No. 15

SUBJECT GROUPS ACCORDING TO JOURNALS

1. Anatomy; Histology
2. Anthropology; Ethnology
3. Archeology; Paleontology
4. Aviation Medicine
5. Bacteriology; Parasitology
6. Biology; Embryology
7. Bone; Joint; Extremities; Muscle
8. Cancerology
9. Cardiovascular System
10. Chemistry; Physics
11. Dentistry; Stomatology
12. Dermatology
13. Diagnosis; Clinical Methods
14. Dietetics; Foods; Nutrition
15. Digestive System
16. Endocrinology
17. Forensic Medicine; Toxicology
18. Genetics; Eugenics
19. Gynecology; Obstetrics
20. Hematology
21. History; Biography; Bibliography
22. Homeopathy; Osteopathy, etc.
23. Hospitals
24. Immunology; Serology
25. Industrial Hygiene; Sociology
26. Infectious Diseases; Epidemiology
27. Medicine
28. Metabolism
29. Military and Naval Medicine
30. Miscellaneous
31. Neurology; Psychiatry
32. Nursing
33. Ophthalmology
34. Otorhinolaryngology; Phoniatry
35. Pathology
36. Pediatrics; Child Welfare
37. Pharmacology; Pharmacy
38. Physiology
39. Psychology; Mental Hygiene
40. Public Health; Sanitation
41. Radiology; Phototherapy
42. Respiratory System
43. Surgery; Traumatology
44. Therapeutics
45. Tropical Medicine
46. Tuberculosis
47. Urology
48. Venereal Diseases; Sexology
49. Veterinary Medicine
50. Zoology

Privately published under the auspices of the
FRIENDS OF THE ARMY MEDICAL LIBRARY
AND THE
MEDICAL LIBRARY ASSOCIATION, INC.

Washington, D. C.

Printed in the U.S.A.

2. Anthropology; Ethnology

America indigena, Mex., 1943, 3:

BEALS, R. L., & HATCHER, E. The diet of a Tarascan village. 295-304.
GOMAS, J. La asistencia publica y el desarrollo biologico del indigena. 337-44.

America indigena, Mex., 1944, 4:

PEINADO ALTABLE, J. La capacidad de aprendizaje de los Tarascos. 19-30.
RAMOS ESPINOSA, A. Bases para un estudio geografico de la alimentacion en Mexico. 65-72.
QUINTANA, E. El ingente problema del maiz en su aspecto agricola y nutritivo. 129-32.
METRAUX, A. La causa y el tratamiento magico de las enfermedades entre los indios de la region tropical sud-americana. 157-64.

4. Aviation Medicine

Air Surgeon's Bull., 1944, 1: No. 9

GAGGE, A. P., & ALLEN, S. C. Pressure breathing. 1-4.
PROPHYLACTIC use of the sulfonamides. 5-7.
ELIA, J. C. Flight surgeon in China. 8.
HENRY, C. D., & COBLE, H. L. Crash-rescue procedures. 10.
MAGRUDER, R. G., & FOLGER, G. K. Improvised medical chests for crash ambulances. 11.
MILLER, C. W., JR. Psychiatry of orthopedic problems. 14.
CLARK, D. M. Helicopter in air evacuation. 16.
THOMAS, R. B., & SMITH, T. W. Medical trailer. 17.
CONWAY, W. H. Acute and chronic suprapatellar tenosynovitis and fasciitis in pilots of heavy bombers. 18.
LAIRD, C. J., & MUELLER, M. J. Bombardier's palsy. 19. /Peroneal nerve, paralysis/
WORMLEY, G. W. An anoxia accident in the Eighth Air Force. 20.
BURCHELL, H. B. Report of accidents from anoxia in aircraft. 20.
CLARK, T. H. Bed frame & litter for handling fracture of the spine. 21.
COLLINS, J. M. Litter loading device. 22.
RAF Medical Services and their contribution to the war effort. 23.

6. Biology; Embryology

Am. Natur., 1944, 78: (Sept.)

BABCOCK, E. B. New light on evolution from research on the genus Crepis. 385-409.
CORNMAN, I. A summary of evidence in favor of the traction fiber in mitosis. 410-22.
HSU, H. C., & PAI, S. Corpus allatum and corpus cardiacum in Chironomus sp. 472-7.
MATTOX, N. T. Partial hermaphroditism and digital anomalies in Nectura maculosus. 477-80.

Arq. biol., S. Paulo, 1944, 28: (May)

OTTENOOSER, F., & PASQUALIN, R. Aspectos serologicos da transfusao de sangue; acidentes hemoliticos apos transfusao, eritroblastose fetal e o novo fator sanguineo Rh. 49-56.

ALMEIDA, F. DE, & SILVA LACAZ, C. DA. Notas sobre algumas questios micologicas. 57-60.
BIOCCA, E. Novas provas de aplicacao medico-legal para a identificacao de sangue seco. 61.
CARINI, A. Sobre uma eugregarina do intestino do Astylus atromaculatus Blanch. 65-7.
MARCILIO, J. Disenteria bacilar; vacinacao profilatica e tratamento. 67.
RIBEIRO DE CARVALHO, F. Observacao de um caso de brucelose humana tratada com sulfatiazol. 71.
WOLFFENBUTTEL, E. O bicarbonato de sodio em alta dose e em administracao prolongada como preventivo e curativo da doenca serica. 69.
SANTIAGO, P. Dois casos de etilismo habitual tratados pelo soro anti-alcoolico L. P. B. 68.

Biologico, S. Paulo, 1944, 10: (April)

RODRIGUES, C. A., & GUIDA, V. O. Importancia das bacterias anaerobias em patologia veterinaria. 95; passim.
JENKINS, A. E., & BITANCOURT, A. A. Historico de Elsinoe ampelina, o fungo causador da antracnose da videira. 109-14.

Biologico, S. Paulo, 1944, 10: (June)

MEYER, J. R. Acao bacteriostatica da orelha de pau vermelha (Polyporus cinnabarinus). 165-8, pl.
SEIXAS, C. A. Arsenico e ingredientes arsenicais para extincao de formigas. 176-9.

Biologico, S. Paulo, 1943, 9: (July)

MEYER, J. R. O alho no tratamento do berne.

Rev. brasil. biol., 1944, 4: (June)

TRAVASSOS, J., & VALLEJO, A. Vacina de Cox contra a febre maculosa. 161-6.
COUCEIRO, A., VIEIRA, L. G., & MORAES, J. DE. Acao da tiouracila sobre a fixacao de iodo pela tiroide. 173-84.
MEYER, H. Sobre a divisao binaria da forma de tripanosoma do S. cruzi, mantido em cultura de tecido. 189-91.
RIVAROLA, J. B. Miiasis intestinal humana por larva de Eristalis sp. 239-41.
VERSIANI, O., & LOPES DE FARIA, J. A alopecia nas desvitaminoses do complexo B_2; histopatologia. 247-57.
SALOMÉ PEREIRA, R. Sobre a determinacao fotometrica do calcio no soro sanguineo. 263-70.
WERNECK, F. L. Um novo parasito da camurca (Mallophaga, Trichodectidae). 271-4.

Usp. sovrem. biol., 1944, 17: No. 2

KREPS, E. M. /Carbon anhydrase as a respiratory enzyme in physiology and pathology/ 125-56.
ADO, A. D. /Anaphylactic shock and the allergic alteration of tissues/ 157-87.
POGOSIANC, E. E. /Experimental genetics of malignant tumors/ 188-206.
IVANOV, G. F. /Receptive organs in blood vessel walls/ 207-15, pl.
GAUZE, G. F. /Some problems of chemical biocenology/ 216-21.
ALPATOV, V. V. /Water macrophytes and plankton as a new food resources/ 224.

10. Chemistry; Physics

Zschr. physiol. Chem., 1944, 280: (April 30)

HOLTZ, P., & CREDNER, K. Histaminausscheidung nach Belastung mit Histidin. 1-9.
Dopahyperglykämie. 9-15.
SCHLÜETZ, G. O. Stoffwechselversuche mit den Diketopiperazinen des l-Prolin und des l-Oxyprolin. 16-20.
DOBBERSTEIN, J., & HOCK, A. Ueber den biologischen Ergänzungswert verschiedener Nahrungsproteine; pathologisch-anatomische Befunde bei cystinarm ernährten Ratten. 21-7.
LETTRE, H. Zur Beziehung zwischen Konstitution und cancerogener Wirkung aromatischer Kohlenwasserstoffe. 28-31.
REICHEL, C. Ueber Thrombokinase und Prothrombokinase des Blutes. 32-4.
JENSEN, K. A., & SCHMITH, K. Ueber die Konstitutionsspezifität der bakteriostatischen Wirkung von p-(Aminomethyl)-benzolsulfonamid. 35-8.
HOLTZ, P., & CREDNER, K. Ueber die Konfigurationsänderung des d-Dioxyphenylalanins im Tierkörper. 39-48.
———, & HOLTZ, D. Zur Frage der Konfigurationsänderung von d-Histidin im Tierkörper. 49-54.
KOSCHARA, W. Aminosäuren aus Eiweisshydrolysaten. 55.
BIELIG, H. J., & BUSCH, L. Lipochrome in der Netzhaut, dem Pigmentepithel und der Iris des Rindes. 56-63.
FISCHER, H., & LOEWE, H. Bemerkung zu der Arbeit H. Fischer, W. Neumann und J. Hirschbeck: Synthese von Brommethylporphyrinen und einer Pyrrolaminosäure. 64.

11. Dentistry; Stomatology

Am. J. Orthodont., 1944, 30: (Sept.)

WEBB, C. H. Dental abnormalities as found in the American Indian. 474-86.
PEAVY, D. C. Report of a case employing the Johnson twin-wire mechanism. 487-95. /Dentistry Orthodontic/
COMEGYS, D. P. A timesaving idea requiring but one impression for record model, band technique, and appliance construction. 496-8.
KOCH, C. W. The management of an orthodontic office. 499-503.

Am. J. Orthodont., 1944, 30: Oral Surg.

GREENE, J. H. Form, location, and classification of subgingival calculus. 505-15.
BURKET, L. W. A histopathologic explanation for the oral lesions in the acute leucemias. 516-23.
STINE, J. H., & BURKET, L. W. Differential blood count in periodontal diseases; a preliminary report on blood obtained from the gingival tissues and the finger tip. 524-7.
GROSSMAN, L. I. Diagnosis and treatment of diseases of the pulp and periapical tissues. 528-32.
BURKET, L. W. The bactericidal action of ultraviolet radiation on the oral flora and its effectiveness for dental burr sterilization. 533-8.

NOVAK, A. J. The oral manifestations of erythroblastic (Cooley's) anemia; case report. 539-43.
NOVAK, A. J., & BURKET, L. W. Oral aspects of Paget's disease, including case reports and necropsy findings. 544-55.
BENDER, I. B. Bone changes in leucemia. 556-63.
GROSSMAN, L. I. Irritating potentialities of root canal medicaments. 564-6.
MELOY, T. M., JR., & GUNTER, J. H. Skeletal fixation of pathologic fractures of the mandible with extensive loss of substance; report of 2 cases. 567-71.
NOVAK, A. J. A fixed removable bridge with biologic anchorage; report of a case. 572-4.

Ann. Dent., 1944-45, n. ser., 3: (June)

STERN, L. A preliminary report on penicillin in dentistry. 1-4.
CAHN, L. R. Abnormal bleeding. 5-18.
REICH, C. The oral manifestations of blood diseases. 19.
